

HOBSON TO BE REWARDED

Sampson's Eulogy of the Santiago Hero.

Naval Commanders Succumb to the Heat.

More Transports Chartered for the Philippines—Warships Make a Sortie.

WASHINGTON, June 11.—The navy department was in communication today with Admiral Sampson of Santiago by cable and mail, with the result that it is now known that the American fleet is now in the Gulf of Mexico, and that it is raised by United States marines at the mouth of Guantanamo Bay. The marines who have thus glorified themselves were 300 in number. They were obliged to fight for their lives, and in the course of that to burn down the town chosen as the site of embarkation.

All is ready at Guantanamo for the landing of United States regular troops as soon as they arrive there, the marines holding the ground they won and being protected by the guns of the Marlinhead, under Captain McCalla, who has already during the present war so distinguished himself by energetic and valuable services as to encourage the belief that he will regain the numbers he lost some time ago through an unfortunate incident.

Regarding the fleet of transports, no statement is obtainable at the war department and it is believed that the situation is as it stood yesterday with respect to the starting of the expedition. The only subject for an official bulletin today at the navy department was Hobson's glorious feat in bottling up the Spanish squadron with the hull of the Merrimack. With the frankness and candor peculiar to the man, Admiral Sampson withheld no credit from Hobson for either the execution or prudence of a well-worked out scheme to which the constructor was entitled, and he has cleared away the small cloud of dissatisfaction that had shadowed itself among a few of the line officers because of the selection of a staff officer in the person of Hobson to conduct the desperate enterprise.

Reference was made in Sampson's statement to the "inspiring letter" of Secretary Long, as a basis for the request for Hobson's promotion. With the consent of Secretary Long, the particular passage in the letter to which Admiral Sampson referred is now made public. It reads: "Each man engaged in the work of the insubordinate squadron should have in him the stuff of which to make a possible Cushing; and if the man wins, the recognition given him shall be as great as that given to Cushing, so far as the department can bring it about."

JOHN D. LONG, Secretary.

Hobson has won and if he escapes from his present threatened navy department will reward his promise.

A consultation of the records of the navy department shows that the recognition accorded Cushing was his advancement one full grade, that is, from the rank of lieutenant, which he had when he took his little boat up to the Albatross to the rank of lieutenant commander. In addition, he was given a vote of thanks by congress. If Hobson is kept in his corps, he is raised to the rank of lieutenant commander at least, and made a full constructor.

A Spanish Sortie.

MADRID, June 11, 4 p. m.—An official dispatch from Havana says: "The Spanish warships Venancio, Nueva Espana and Ligera have made a sortie from Havana for the purpose of attacking the blockading fleet. The Americans refused to fight and retired."

A later dispatch from Havana says: "Eleven American merchantmen have arrived before Santiago de Cuba. It is believed they are transports conveying troops which it is intended to disembark. Precautions are being taken to prevent them from effecting a landing."

Spanish Spies Fired Out of Canada.

OTTAWA, June 11.—Lieutenant Carracoe and Senior Dubois will sail for Madrid from Montreal on Saturday, June 20th, two weeks from today. In the meantime it is stated in official circles that Canadian secret service men and private detectives are to watch their movements closely.

Three Transports Chartered.

WASHINGTON, June 11.—The war department finally closed the charter today for the steamships Victoria, Olympia and Arizona, which are to be used in the transportation of troops to Manila. The chartering of these ships has been delayed for some time.

SUFFERED FROM HEAT.

Naval Commanders Prostrated in Cuban Waters.

WASHINGTON, June 11.—Captain Frederick Rodgers, formerly president of the naval auxiliary board, has been

ordered to command the big monitor Puritan, now with Admiral Sampson's fleet. He relieves Captain P. F. Harrington, who has been prostrated by the terrible heat in which he has been subjected during his long stay in Cuban waters. Lieut. Commander W. H. Merrill, commanding the light house tender Mangrove, has also succumbed to the hardships of the Cuban blockade. Both officers have been removed to the naval hospital ship at Key West for treatment.

The assignment of Captain Rodgers to the Puritan leaves a vacancy in the command of the cruiser Philadelphia now fitting out at San Francisco for service on the Pacific station, to which he was originally assigned several weeks ago. In view of the reported desire of Captain Greenhalgh, chief of the bureau of navigation, for sea duty, it is not improbable that he may be given the command of the Philadelphia. It is expected that she will go into commission at the Mare Island navy yard on the 1st proximo.

WAR REVENUE BILL

Will Become a Law on Monday.

WASHINGTON, June 11.—The war revenue bill will not become a law until Monday. Owing to a rule adopted in both houses that the presiding officers shall not sign such measures until the bill has been passed by the committee on the floor, the bill still lacks the signatures necessary before the President can sign it. While the house was in session today the senate was not and it is thought best to attend to these details together. Accordingly, when the two houses meet next Monday the bill will be promptly rushed through for the signatures of Vice-President Hobart and Speaker Reed and the necessary constitutional details and then sent to the President.

Safer at Home.

MADRID, June 11.—Many of the newspapers advocate the keeping at home of Admiral Cervera's fleet for the purpose of defending the coast. Captain Anson, the minister of marine, has made arrangements with the Spanish transatlantic line for the transportation of munitions and supplies to the Antilles.

CLASS DAY EXERCISES.

Held by the High School Class of '98 Last Evening.

The exercises of the class of '98 of the Fresno high school were held last evening. The exercises took place in the assembly hall of the high school and a large number of friends of the graduates were in attendance.

The program was interesting and it was carried out in a very creditable manner. The platform in the hall gave evidence of the patriotism of the class of '98, as it was gracefully draped with American flags.

The exercises were opened by Ralph Allen, the class president. The first number was a vocal solo, "The Deeds of the Past," rendered by Maud Helm. Then followed a farce by John Kendrick Bangs, "A Dramatic Evening." Jay Scott took the part of "Mr. Theobald Perkins," Ralph Allen that of "Mr. Edward Brock," William Spence was "Mr. Robert Yardley," Alfred North "John Barlow," Tossie Huber "Mrs. Timotheus Perkins," Claire Hays "Mrs. Edward Bradley." The farce was well given and the humorous points were loudly applauded by the audience.

Tossie Huber and Claire Hays played a piano duet, "The H. H. Hummel." A novel feature of the evening was the chess display. A typical foreigner of each member of the class was depicted by stereotypical views. The pictures showed the members of the class in their supposed occupations and were all characteristic. The program of the evening concluded with the singing of the class song by the whole class.

WILL BE ARRESTED.

Adams Must Stand Trial for Being Too Ready With His Pistol.

J. L. Radon, who was shot by Deputy Constable Adams of Mendota and who was recently discharged from the hospital, yesterday secured out a warrant before Justice Austin for the arrest of the deputy constable, and can Austin went to Mendota last evening to arrest Adams.

Radon, as will be remembered, had been stealing a ride on the highway, and was wounded while trying to escape arrest.

Noted Divines to Speak Today.

Rev. A. B. Simpson, D. D., of New York and Dean Peck of Chicago, will be in this city today. Dr. Simpson is the founder of the great Missionary Alliance movement, and is a man of great power as a teacher and preacher, while Dean Peck is a faithful second in the work. These men are of world-wide reputation and everybody should hear them. There will be a Union service at all the churches at the Advent church at 2 o'clock in the afternoon and at 8 o'clock in the evening, at which they will speak. A male quartet has been engaged for the occasion.

For Superintendent of Schools.

The name of Mrs. L. M. Willis of Selma will be presented to the Republican county convention as a candidate for the position of Superintendent of Schools. Mrs. Willis is an educated lady who has had experience as a teacher and for several years has been one of the editors of the Fresno County Enterprise, published at Selma.

The Board of Supervisors.

The board for the Hemlock school was yesterday referred back to the trustees by the Supervisors, as they had not been legally advised. The board divided up the general road fund into the district funds. A sprinkler bought by Supervisor Ward at a cost of \$500 was ordered paid for.

The Red Cross Society desires all those who will take part in the entertainment for the benefit of the society to meet at the Barton Opera house at 8:30 o'clock this afternoon.

GERMANY IN A DILEMMA

Popular Sentiment Is Divided.

Spain Has Friends in the Fatherland.

Government Endeavoring to Restrain Comments Hostile to the United States.

Berlin, June 11.—There is no national change in the feeling in Germany in regard to the war between Spain and the United States. The government scrupulously avoids expressing its views on the subject and a few of the German newspapers persist in their attitude of little short of open hostility towards the United States. Throughout the week they have vehemently maintained that the occurrence of the disaster to the Spanish fleet was a defeat of the "Yankees" and have gleefully printed the lying Madrid dispatches supporting this contention. These newspapers also continue to charge the Americans with cowardice for not attacking the Spanish fleet "whom until recently the Americans regarded as less unworthy of their steel."

Although the anti-American feeling continues here, the latest war news coupled with official warnings that such comments were endangering the commercial interests of Germany, have compelled the newspapers to modify their ultra pro-Spanish sympathies and some of them are beginning to admit that Spain is in a perilous condition.

The Deutsche Zeitung says it thinks the moment has arrived for diplomatic intervention in respect to the Philippine Islands. The Vossische Zeitung says: "In the Philippines Spain's position for centuries of misrule is lamentable. The cruel massacre of the patriots Rissel and thousands of Tagals and a bloody recompense."

The Vossische Zeitung is the first Berlin paper to publish the reports of a special correspondent sent to Manila. The post of this city admits that Spanish affairs have arrived at a critical stage and says: "In addition to other misfortunes, the throne is upset by a civil war. Spain would lose all sympathy hitherto felt for her by the continental powers."

The attempt of Spain to secure European intervention continues, in spite of the little encouragement held out by the cabinet. The Spanish ambassador at St. Petersburg, is now acting in concert with his colleague in Paris, Senor Leon y Castillo, in an effort to obtain the services of Russia and France either immediately or in the near future. The German foreign office is cognizant of the negotiations, but attaches no importance to them. A high official of the foreign office positively assures the correspondent of the Associated Press that neither France nor Russia intends to intervene at the present juncture.

The government proposes to ask the new Reichstag to increase the credits of the reorganization of the army and additions to the field artillery, including the creation of motor batteries and the addition of a corps of mounted infantry to every army corps, an increase of the pioneer regiments by a battalion each and the formation of three new army corps.

The fact that the United States government is not participating in the Brussels peace conference is regarded unfavorably here.

Fifty persons have been made sick by trichinosis this week in the neighborhood of Mendota, Saxony, and it is asserted that American pork was responsible for it.

It is said at St. Petersburg that Mr. Cornelius Vanderbilt, fearing capture by the Spaniards, is to leave his yacht at Odessa until peace is declared.

A great deal of political importance is attached to Emperor William's visit to Palestine. It is suggested that besides ending the pretensions of France to the right to grant protection to all Christians in the east, the visit may result in securing Asia Minor as a field for German colonization by the conclusion of a state treaty with Turkey. It is pointed out that the Sultan will find it difficult to refuse such a proposal from Emperor William, especially as it is a fact that the Germans are already invading Asia Minor as well as Palestine, systematically and successfully.

A PATRIOTIC GOVERNOR.

Comes From Wyoming to See the Boys.

SAN FRANCISCO, June 11.—Wyoming's battalion at Camp Merrill this morning received with honors their Governor, William A. Richards. At 11 o'clock the Governor and his party, including Chief Justice C. N. Potter of the Supreme Court of Wyoming and J. D. Frohman of the Stock Growers' Bank of Cheyenne, A. C. Richards, the Governor's brother, a resident of Shasta county, California, and George Chase of Oakland, the Governor's brother-in-law, with ladies of his family, arrived at the camp and found the battalion drawn up to receive them. At an order from Captain Miller the men presented arms. Governor Richards then addressed the volunteers, briefly telling them how much it pleased him to be amongst them again.

When the Governor ceased the battalion gave three cheers and a tiger for the Governor. The companies were then dismissed.

In camp the Governor visited every soldier. Many of the men he knew personally. At 1 o'clock a banquet was held in the officers' mess.

THE WATER MEETING.

Irrigators Failed to Attend and the Officers Adjourned.

The water meeting yesterday afternoon was not largely attended. In fact only two persons besides Justice John Fairweather and Secretary C. E. Barnett responded to the call for a meeting to discuss the matter of state ownership of water. After waiting around the Chamber of Commerce for some time the gentlemen finally decided to give up the attempt to hold a meeting. Mr. Barnett stated that the Foster Switch, Bidgmont, Kingsburg and Centerville ditches are dry and that many of the vineyards under these ditches are suffering from the lack of water. Justice Fairweather said that the Alta district ditches are supplied with plenty of water.

THE COP CAUGHT BERNHARD

He Was Riding on His Wheel on the Sidewalk.

E. P. Bernhard, the real estate dealer, appeared before Recorder Clark yesterday to explain his conduct in riding a bicycle on the sidewalk. Bernhard was arrested on Friday evening by Policeman Henry Russell. He was boldly riding on the sidewalk in front of the city hall and ran right into the policeman's arms.

Bernhard informed Recorder Clark that he would stand trial for violating the city ordinance, and desired that a jury of his peers be selected to give him a hearing when his case comes up. He stated that he intended to test the legality of the ordinance in regard to riding wheels on the sidewalks.

A Trio of Happy Couples.

Marriage licenses were yesterday issued to M. J. Sherwood of San Francisco, and Florence Minot Kelley of Fresno, both aged 21 years; Charles E. Blevins, 28, and Lucille E. Morgan, 25, both of Kingsburg; and Louis Truplant aged 37, of San Francisco, and Ann Maultsby, 21, of Fresno.

ELECTRIC PRANKS

Another Break-Down at the Sub-Station.

The Repaired Transformer Burned Out Again—Cannot Secure a New Machine.

Fresno was again in darkness last evening as the repaired transformer which was put in place yesterday afternoon burned out so that the current for the arc lights and for power purposes had to be turned off. The "joke," as the electricians term the electric fluid, has given the operators at the sub-station considerable trouble this week. On Monday the transformer was burned out again and has just been repaired so that the current could again be utilized when the haulation in the machine was again destroyed.

The break-down last evening occurred about 8:30 o'clock and the transformer was burned out more completely than on Monday evening. The apparatus had been working satisfactorily for several hours and the electricians were complaining themselves on the success of their job, which had required four days and nights of tedious work, when in a jiffy the machine was in worse shape than ever.

The transformer is one of a set of three machines for handling the high voltage current which comes into the sub-station from the power house of the San Joaquin Electric Company, thirty-five miles distant in the mountains. The transformers are called "step-down" machines, as the high voltage is reduced by the machines so that the electric current can be used in the dynamos which supply light and power to the town. Until the burned-out machine is repaired the remaining two transformers will have to handle the current and this cripples the plant so that sufficient electricity cannot be supplied to all the demand.

The electric company ordered a set of three transformers some time ago from the Central Electric Company of New York, the only place where such machines can be secured, but owing to the war the machines could not be supplied at once. The government has virtually taken charge of the plant and private orders cannot be filled until the order of Uncle Sam for apparatus for war purposes is supplied.

J. J. Seymour, president of the electric company, stated last evening that an effort will be made to have the transformer repaired by Monday evening. He said that the break-down last evening resulted from a defect in repairing the machine. Mr. Seymour is confident that the machine can be repaired so that it will work again.

The consumers are complaining loudly because of the inconvenience the accident has subjected them to and the company is being blamed for not being prepared to deal with them promptly.

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK

ROYAL BAKING POWDER CO., NEW YORK

KUTNER-GOLDSTEIN COMPANY—THE BIG STORE.

SECOND WEEK OF OUR GREAT CHALLENGE SALE.

Our stores have been crowded to the doors all week. Such bargains as we are offering have never before been sold in this city.

For the Second Week of This Great Sale

We will offer some new and exceptional bargains in all of our departments. Come with confidence—you will go home satisfied.

OUR CHALLENGE.

We positively defy and challenge any stores in California to meet our prices. This is positively the greatest money-saving opportunity of the year. The goods offered are all new, fresh and reliable.

DOMESTICS.		WASH DRESS GOODS.	
Every day articles at ruinous prices.		New Figured Lawns, pretty designs, reduced to 1c

A Modern Art Store. Special study made of artistic and appropriate picture framing, Plester, the San painter, 1145 J street.

When You Tire of paying two prices for everything you buy, come to us. We charge only one price. Golden Rule Drug Store, 1730 Mariposa street.

MAN ABOUT TOWN

A Dose of Democratic Politics.

The Candidates Slated to Win.

Fusion to Go Through in a Modified Form—Populist Candidates.

The Democrats are taking a keen interest in their county convention, which will meet in this city next Tuesday. Quite a number of the country delegates were in town yesterday and the ordeal they were put through by the horde of candidates was something terrible. They are a husky lot, however, and emerged unscathed. The candidates are working as hard as ever to promote their interests, and are giving little attention to anything else; the delegates, however, are struggling with the chairmanship problem. A few days ago the candidates for this position were: Ray, now their name is legion. If a little hyperbole may be permitted. Among the more prominent are W. B. Shannon of Fowler, T. J. Alexander of Temperance, J. H. La Rue of Malaga, George E. Church, E. D. Edwards and M. K. Harrell. On Thursday Alexander was picked out as the man of destiny, but yesterday everything looked Churchly. The qualifications required for this position are that the candidate shall be from where brooks murmur and birds warble, and that he shall favor fusion. This would dispose of Edwards and Harrell, who are "setts." Shannon, it was thought, was too feeble on account of his age, so the leaders pitched upon the Temperance colony man. But here some one suggested that a convention chairman should have a speaking acquaintance with parliamentary law and a cool head. The justice of this was admitted and Church took first place in the race. Mr. Church lives far enough in the country to have a sprinkling of hayseed in his hygienic locks; has a head full of facts as a legislator, knows parliamentary law from basement to turret and is mildly in favor of fusion. He will make a model presiding officer.

There is no doubt that the ridiculous result of the Populist primaries last Wednesday has deeply disgusted the Democrats, and condemnation for the Democratic members of the Big Six knows no limit. As for the Populist members of that previous body, while plenty of denunciation has been directed at them, they are secretly admired for the cleverness which they displayed in putting through a deal so favorable to their party. It was stated in the Republican a day or two ago that the Democrats would adhere to the fusion program, so far as the division of offices was concerned, in spite of the miserable showing made by the Populists. That yesterday a decided sentiment against doing so was observed.

"If they had made any showing at all," said a prominent Democratic candidate, in speaking of the matter, "we would be willing to take our medicine without squealing, but I don't see how we can overlook such a fiasco as the Populist primaries turned out to be. There was no voting in 75 per cent of the precincts, and where there was the vote was absurdly small, in some precincts being even less than the number of delegates to which they were entitled. There is no doubt that Democrats voted here and there at the Populist primaries, and it is equally certain that Democrats have been appointed as delegates from some of the precincts where no election was held. How have the mighty fallen?"

From the remarks of this Democrat

and others I infer that something of a fight will be made on fusion in the convention, but I'm rather skeptical of its meeting with any degree of success. The fusionists seem to be in the majority among the delegates, and with a fusion chairman, who will appoint a fusion conference committee, the Big Six's division of offices can hardly fail of endorsement. Still there remains the saying that it is always the unexpected that happens. It is certain, however, that the Democratic delegates will not endorse the Oregon or any other Populist platform. They are willing, though with a bad grace, to abide by the agreement on office, but they will absolutely refuse to trust themselves to the rotten platform which gave way under the Oregon fusionists and precipitated them into the multigaited way. The Democratic convention will probably endorse the Chicago platform, after the usual denunciation of the "incompetent and extravagant" administration of the county's affairs by the Republicans and make the old vain promises of an able and economical administration to the people. The leaders must square themselves with the Democratic voters for giving away so many valuable offices for nothing by making a stand for principle, and a fusion platform is therefore out of the question. To be sure the Populists will not like this, but if they insist they will be in danger of getting nothing, and the Populists are out for something this year. It is their last chance, for the party is on its last legs and is not likely to cut any figure after this year.

And now for the Democratic nominations. J. D. Collins, the old war horse of the Fresno county Democracy, will undoubtedly receive the nomination for Sheriff. He deserves well from his party and has waited long for his reward. Ward's friends feel sore over his defeat and unfairness and broken promises are hinted at, but "Almaida" is too knowing a politician to bear malice.

The fight for the nomination for District Attorney is a most interesting one. The candidates are W. D. Crickton, O. L. Everett and General Kirtland. Both Everett and Crickton are confident of the prize, and the friends of each assist with much gravity that even Kirtland will get more votes than the other. There is no doubt, however, that Kirtland has some real strength and may surprise his rivals.

W. P. McVey's friends claim that he is sure to be named for Treasurer, forgetting what a wicked thing it would be for a Democratic convention to nominate a banker for office. The friends of J. W. Ferguson (of the Watchman) on the other hand are certain that he will be the successful man, and make a good showing in support of their claim. W. L. Nelson is not saying much, but is busy sawing wood.

Am Hays cannot escape being nominated for Auditor.

The Mayor and W. P. Hite are the only candidates for the Public Administratorship who have publicly announced themselves. There is an impression, though, that a dark horse may capture the nomination.

The fight for the Surveyorship is between A. C. Swartz and C. D. Davis. With the result uncertain, though the latter seems a little ahead at this writing.

Hermann Levy is ahead of J. William Cate in the contest for the Supervisorship of the Third district.

The fight for the nomination for Recorder is also an exciting one. Tom Dwyer's friends say he is "the man," while Jim Kerr's workers are confident that Jim will win. They point out that he is the only candidate on the West side and that the party cannot afford to totally ignore that part of the county. Tubbs Harrell is a distant third.

W. J. Thibault looks like a winner of the nomination for Justice of the Peace of this township. The candidacy of A. Albrecht is deemed an impertinence, as only a month or two ago he claimed to be a resident of Fowler so that he could continue to hold the office of Justice of the Peace of that township. H. C. Tumbler is in a bind, does not need the place. He is rich already.

John Dumas and E. H. Smith are the candidates for Constable of this township. Smith appears to be ahead, but Dumas' friends cannot believe that so

old and faithful a Democratic worker as he will be turned down.

The opinion of many seems to be that W. P. Fairweather of this city will leave John Fairweather of Reedley far behind when the time comes to nominate a man for the Assembly from the Sixth district. It is asserted that Fairweather dealt doubly with Sayre when the latter came out for re-nomination in 1896 and may have it in for him on that account. Otherwise John is said to be "hard as rocks."

Proceeding to the Populist convention, it may be stated as a certainty that G. W. Cartwright will receive the nomination for County Clerk. In the Assemblyman fight Ben Parks of Reedley is leading J. W. Ferguson of Selma, who is a member of the Exposition's political bureau. J. H. Hancock of Lane Star will probably be nominated Tax Collector, and Dr. Long is sure of the nomination for Coroner. The candidates for Superintendent of Schools are numerous and it is difficult to tell which has the advantage. Those who hanker for the nomination to this pleasant berth are Andrew Sorenson of the Washington union high school, J. L. Deall of the K-street school, G. S. Ramsey of the Fresno Business College, John Traher of Selma, Mr. Pinckney of Kingsburg and the Lord knows how many others.

The contest for this nomination and the one for Supervisor of the First district promise to be the most interesting in the Populist convention. The candidates for the latter nomination are Captain W. H. Payson, John S. Dore and J. J. Bowen. Before the primaries Dore's opponents stated that he was so unpopular that he would fail to get a delegate in his own precinct, but Dore claims that he has captured at least three of the seven. This shows what comes of a divided opposition. If Payson and Bowen will combine they can defeat Dore, otherwise he stands a good show of election. Dore is the Exposition's candidate and his heart, like that of the Exposition, bleeds for the "poor, down-trodden, tax-ridden farmer."

Tom Martin appears to be the only candidate for the nomination for Supervisor in the Fourth district.

Last Sunday it was stated that Major J. B. Hughes had been defeated for election to the Democratic primaries the day before. This was an error. The Major pulled through, but his escape from defeat was a narrow one. That day was a bad one for lawyers, by the way. Many were candidates, but few were chosen and these not in by the skin of their teeth, as they say.

It looks as though that fine combination of ex-Judge Harris to corner the legal work of the different offices in case of a fusion victory were destined to fail. The Judge's combination included Collins, Hays, Harrell and Hite. Collins and Hays are safe so far as their nomination goes, but Harrell is out of the race for the Recordership, while Hite's chance of being nominated Public Administrator is not of the best. Of course there is considerable legal business in the Sheriff's and Auditor's offices, but the Judge will have the uphill job of electing his men before he can enjoy this business—and this is a Republican year.

There is every probability that resolutions introduced Monday for the Democratic nomination for Governor and pledging the delegates from this county to vote for him will be introduced in the Democratic convention. It is said that Railroad Commissioner La Rue, who is also a candidate, has many friends in this county and that quite a number of the delegates favor him.

At this is the case, the opposition to endorsing any candidate and pledging the county's delegation may be expected. The candidacy of J. H. La Rue of Malaga (a brother of the Commissioner) for the chairmanship of the convention, has considerable significance in view of the foregoing. Mayor Philan of San Francisco also has many admirers in this county, but it is not thought that they will work in at the primaries.

Many long-headed Democrats believe in view of the decrease of Maguire's popularity since his name was first mentioned and the fact that he holds political views opposed to the interests of farmers, that it would be wiser to refrain from endorsing him. They express the opinion that the delegation should go to the state convention unpledged, and so be able to make the best terms for the Fresno Democracy.

PERSONALS.

T. C. Johnson of Tempe, Arizona is a guest of W. T. Mottley.

A. H. DeWitt of Idaho was a visitor in the city yesterday.

C. A. Ellis was down from Madera yesterday on business.

Benjamin M. W. Muller went to San Francisco last evening.

Miss Mollie McLaren has returned from a visit to San Francisco.

C. L. Adams, a Visalia business man was a visitor in Fresno yesterday.

N. W. Motheral, a well-known vineyardist from Hanford, was in town yesterday.

T. L. Reel, the well-known Reedley ranchman, was in Fresno yesterday on a business trip.

Justice Fairweather of Reedley was among the visitors in Fresno yesterday. He attended the water meeting.

Mr. and Mrs. J. P. Hixon and daughter Mabel, leave today for New York and Washington to be gone about six weeks.

L. C. Morhouse, chairman of the State Board of Equalization, was in Fresno yesterday. He visited Sanger on private business.

E. C. Furnessworth, the Democratic politician of Visalia, was in Fresno yesterday. He is a candidate for associate justice of the supreme court.

Priest S. Turnbull, bookkeeper for Hecker's Business, leaves today for a visit to his old home in Scotland. He will be accompanied from Sacramento by Mr. Balfour and expects to return about September 1st.

Piano Recital.

My students of the Central California Conservatory of Music at the Adventist church will give a recital at 8 o'clock Sunday evening. Tickets obtained from the pupils. Admission free for babies in arms.

The County Board of Education yesterday completed the list of questions to be submitted to the applicants for teachers' certificates at the examination which begins at 9 o'clock tomorrow morning.

Martha L. Holly yesterday applied for letters of administration on the estate of Mary Ann Birkhead, deceased. The estate is valued at \$1,600.

It's No Wonder.

Scott is suffering from a sprained foot and enlargement of the heart. He sprained his foot in his hurry to hail a passing car for a lady and the large heart came about in this manner: Now Saturday is a busy day at his big stores, and at 5.30 p. m. the store was crowded, his delivery clerks busy loading up to get to 90 places before 7 o'clock. When in the midst of the babel of many voices clamoring for goods Scott's stentorian voice rent the air with these words: Harry, while the crowd is here open up two barrels of those large Salmon Bellies and set them out—

8 for 25 Cents.

They're great for Sunday breakfast and a bargain.

A GOOD BICYCLE RIDER

Wants a wheel that can be depended upon on long runs, or while coasting, scorching or the many fancy twists that a good rider likes to indulge in. The LIGHT CYCLERY never disappoints. It represents the best possible material and workmanship, and is first-class in every detail.

REDLICK'S—FRESNO'S GREAT CUT PRICE DEPARTMENT STORES.

SECOND WEEK OF OUR JUNE SALE.

Two important things are accomplished by this sale: We are enabled to reduce our stock before inventory, and our patrons secure the goods at from one-fourth to three-fourths of their value. The thousands of visitors from out of town, who in connection with our regular city patrons took advantage of the startling cuts in prices with which our June Sale opened last week, can testify to the immense bargains offered, and will best appreciate the marvelous money-saving opportunities afforded by the

Wonderful Reductions Quoted This Week.

- Wash Goods.**
Every yard of wash goods in our stock must be sold. We do not wait until the season is over, but have made immense reductions now while these beautiful fabrics are in greatest demand. These prices tell their own interesting story:
27-inch Lappet Mulls, in striped effect, floral and floral designs, our regular 25c quality, now at 15c yard.
30-inch Organilles, pretty shadowy effects, fine sheer quality cloth, our former price 20c, now offered at 12½c yard.
5½c Scotch Lawn cut to 3c yard.
All of our 5c Challies cut to 2½c yard.
10c quality Batiste cut to 5c yard.
10c Lace Striped Organilles cut to 5c yard.
- Ladies' Underwear.**
Ladies' fine Swiss Ribbed Vests, white and ecru, low neck and short sleeves, finished with silk tape, former price 55c, reduced to 12c.
Ladies' fine Swiss Ribbed Vests, silk tape trimmed, white and ecru, our regular 1½c quality, offered during this sale for 85c.
- Ladies' Wrappers.**
Percale Wrappers, full size, waist lining, full back, regular price 85c, now at 45c.
12½c full color Percale Wrappers now 73c, made with light fitted silk quality, full width skirt, elegant assortment of colorings and patterns to choose from, for this sale at 73c.
- Children's Lawn Hats.**
50c quality Children's Lawn Hats, embroidery trimmed, all colors, wide streamers, reduced to 25c.
- Crash.**
16-inch cotton twilled Crash, worth 5c yard, reduced to 2c yard.
18-inch Crash, good heavy 8½c quality, reduced to 5c yard.
Barnes' all white Crash, 18 inches wide, worth 12½c, now at 7c yard.
- New and Pretty White Goods.**
A new invoice of two cases arrived last week. Bright, fresh and clean. They're a marvel late but, note the less desirable, lower prices are consequently named for them.
Checked Nainsooks, in dainty and effective patterns, intended to sell at 10c a yard. Being four weeks late we've decided to offer them at 6c a yard.
Novelty corded striped and open work striped Nainsooks, actual value 12½c yard, reduced to 8½c yard.
Striped and checked Nainsooks in a good variety of patterns, we expected to sell this line at 17½c yard, being late in the season they'll go at 10c a yard.
40-inch plain Victoria Lawn, regular price 20c a yard, reduced to 12½c a yard.

- Domestics.**
Shirting Calicoes reduced to 2½c yard.
Turkey Red Calico cut to 2½c yard.
Merrimac Standard Prints cut to 3½c yard.
40-inch Curtain Serim, our former price 10c yard, now reduced to 5c yard.
- Linens.**
Turkey Red Table Linen, worth 20c yard, cut to 12½c yard.
All linen Half Bleached Damask, was 25c yard, now reduced to 10c yard.
40c grade Oil Boiled Turkey Red Damask, worth 40c yard, now reduced to 23c yard.
All linen Bleached Damask, 48 inches wide, our former price 40c yard, now reduced to 23c yard.

Little savings all the time, big savings most of the time. Thus it is our stores become the easiest place to buy what you need to buy and the surest place to pay what you ought to pay. Economical buyers will do well to try in a supply during this June Sale.

A Big Dose

Notoriety!

Mackay & Bennett, owners of fourteen Atlantic cables and three million telephone and telegraph posts throughout the civilized world, transmitted through their electric lines, Europe the following as a copyrighted news item:
“W. PARKER LYON & Co., the largest dealers in Furniture, Wall Paper and Carpets on the Pacific Coast, move into their new quarters on the 1st of July. Their new building is a marvelous structure. It was their intention originally to build a skyscraper which would make the Call building in San Francisco look like a small cactus bush, but the City Trustees objected on account of the present war with Spain, giving as a reason, should the Spanish fleet finally succeed in landing on the Pacific Coast, General Conroy (known might be) use and building as a target, and should it be shattered with a bomb or some other foreign substance, it would not only cause the death of their large force employed, but the falling material would bury the whole city of Fresno and thus repeat ‘the destruction of Pompeii.’”
How is this? Now will you be good?
W. PARKER LYON & CO.
Now the whole and let the steam escape.

TO THE GRAMMAR GRADE

List of Pupils Who Have Been Promoted Thither.

City Superintendent of schools Bailey yesterday received the lists of pupils in the city schools who have been promoted to the grammar grade from the primary grade. The names of those who completed the grammar course have already been published. Those who have been advanced to the grammar grade will henceforth attend that department in the high school building, and they are as follows:
Central School—Ida Barnum, Clarence Jones, Mabel Harrison, Evelyn Hunt, Florence Johnson, Sadie Kromast, Jessie Levy, Bertie Albrecht, Jessie Pratt, Pearl Brooks and Garth Campbell.
K Street School—Edna Emerson, Alice Harper, Hilda Higgins, Lydia Hoffman, Julia Hooper, Jennie Hyde, Mabel Tobing, Katie Vartanum, Vera Walker, Maud Wintermole, Leon Arizoon, Chester Keyes, Leon Levy, Charles Nance, Conrad Nibbler and Harry Wright.
Park Avenue School—Mae Bantne, Jessie Blade, Gracie Brooks, Julia Colwell, Maud Denmore, Jennie Drennan, Jennie Fuller, Lizzie Garrett, Ethel Johnson, Margaretta Ashley, Viola Scott, Althea Swaney, Fern Vaughn, Adele Winchel, Richard Combs, Donald Cusby, Albert Klenhorts, Lawrence Pearson, Arthur Price, James Price, Willie Puryear, Frank Mahama, Willie Scott, African Tadeosian and James Vaughn.

VOTED A VACATION.

Rev. J. M. French Given a Three Months Leave of Absence.

Rev. J. M. French, pastor of the First Baptist church, has been voted a three months' vacation by his congregation in recognition of his faithful services and adaptation of the flock. Mr. French and his family will spend the summer in Glendale, San Diego county. It is probable that the Baptist church congregation will unite with the Christian church for the summer. Rev. W. H. Martin is pastor of the Christian church.
Under Mr. French's pastorate of the Baptist church it has had a profitable and pleasant year. A new church was built and the congregation has accomplished more than that of any other Baptist church in California, it is said.
Mr. French will preach today for the last time before his departure, and his congregation and friends will no doubt turn out in numbers to listen to his words of farewell and to wish him an enjoyable vacation.

THE SOCIAL DEMOCRACY CLUB

A Steady Increase in the Membership of the Society.

The Social Democracy Club met last evening and transacted important business in relation to placing a ticket in the field this campaign, but the members were not ready to give out their plans for publication.
Arrangements are being made for an aggressive campaign and the state committee of the organization will furnish a speaker for the local club once a month until after election. Speakers not under the direction of the state committee will also be secured to stamp the county.
The membership of the club is increasing satisfactorily and in several counties predicts a number of voters have requested that speakers be sent to organize clubs in their neighborhoods.

PROHIBITION MEETING.

The First Rally of the Campaign Last Evening.

A prohibition rally was held in the K Street Methodist church last evening. Theodore D. Knoxe, the well-known temperance advocate, was expected to deliver an address, but on account of a house vote, he was compelled to limit his remarks to a few words.
Rev. French delivered an interesting address in favor of abolishing the saloons and was followed by Mrs. Tonts, who expressed herself briefly. The meeting was not largely attended, as it had not been well advertised.

AN ASSAY

Showing That Fresno People Are Developing a Rich Mine.

The directors of the Fresno Gold Mining and Development Co. have had Mark Webster make an assay of ore taken from the face of the vein in the shaft of the Santa Clara mine, the result of the assay shows that the deeper the shaft is being sunk, the richer the ore is being found. The assay certificate shows that the ore assayed gives a value of \$122.50 per ton in free gold and the sulphurates are very rich in value. The directors feel no encouragement over the results that they will now rush work on the tunnel to tap the vein, and drift in on the same to take out and have the same milled at a local mill and put the results thereby obtained into milling machinery of their own, the work in the shaft has now been discovered to be some 600 feet in length. The directors will positively close the subscription books on July 1st and as they are offering only 50 shares for sale and very nearly half of that amount is now taken, intending purchasers should subscribe at once for the remaining shares.

SECOND WEEK

Of the Great Challenge Sale at Kuttner-Goldstein Co's.

The challenge sale at Kuttner-Goldstein's has attracted wide-spread attention during the past week, and has in fact been the theme of interest inside from the war with Spain. Under the war, however, the sale at Kuttner's is presented to the public the spectacle of a peaceful and friendly invasion. While armed hosts are carrying the flag of freedom into liberated China, another army of happy purchasers are taking possession of Kuttner-Goldstein's 11 street stores and carrying off the stock at a rate that is reducing the enormous surplus in a manner highly satisfactory to the house and at the same time, at figures which make money for the purchasers. The sale is very successful and satisfactory all around. For second week prices see the first page of this paper.
